Minutes

Topic or Subject	Presenter	Minutes/Actions
Welcome and Introductions	Dr. Gord Schacter	<ul style="list-style-type: none"> - Dr. G. Schacter welcomed the group. We went around the table with each participant introducing themselves
Overview of vision for PCA	Dr. Gord Schacter, Clinical lead, South west LHIN	<p>Role of the Primary Care Alliance (PCA)</p> <ul style="list-style-type: none"> - Integrating primary care for high performing Primary health care systems - PCA is team based primary care, includes everyone who touches the patient. Need more people to ensure primary care is at the table so when things happen you are a part of it and bring back info to your group <p>What are Sub-region Integration Tables (SRIT)?</p> <ul style="list-style-type: none"> - SRIT is where different sectors, including three patient reps are at the table together - Question: While ambitions this was tried with primary care years ago, has anyone from the LHIN community studied the lessons and concerns from the study.
London Middlesex PCA co-chair election	All	<ul style="list-style-type: none"> - Need to select a co-chair to make sure the PCA is represented at the Sub-region Integration Table - The candidates each provided a biography and introduced themselves. - The attendees each voted by Polleverywhere. Dr. Laura Neumann was received as the London Middlesex PCA co-chair

Topic or Subject	Presenter	Minutes/Actions
Discussion, Questions, Concerns		<p>Resources</p> <ul style="list-style-type: none"> - Participants felt it was difficult to access the many forms etc. and agreed they would like to have one sign in. Single point of access is in the works and should be coming out next year - The South West Primary Care Alliance website launched Oct 13th http://www.swpca.ca/ will host all the tools - Gord with Dr Paul Gill from Huron Perth is the direct contact/ filter of what will go onto the website, with the help of the LHIN communications team - To make suggestions on the website, complete the Stay in Touch page *email is a mandatory field – this information will be forwarded to Gord's email - Dr. Mario Elia as agreed to help coordinate a procedure to ensure custom forms are shared on the SWPCA website - Partnering for Quality is working on the MRI form for us, they are a resource you can tap - It was suggested to have a welcome to the sub-region package for providers new to the area - Action: Stay in touch with email PCA http://www.swpca.ca/ - Action: Twitter or Instagram can be too open, a local/ private Facebook group will be established for this group
Opioid strategy		<ul style="list-style-type: none"> - Funding coming from the LHIN for counselling / addictions support - Practice reports enable family physicians to confidentially see their individual opioid prescribing patterns in relation to peers across the province – links on HQQ website http://www.hqontario.ca/Quality-Improvement/Guides-Tools-and-Practice-Reports/primary-care - metrics from quality perspective, not blame and shame - Opioid Crisis Working Group (OCWG) working toward harm reduction (HepC and HIV) guidance to supervised injection site
Medical imaging integrated care project	All	<ul style="list-style-type: none"> - MRI is first phase, CT is next phase - MRI spine and MRI knee checklists and MRI requisition, utilize standardized way do MRIs across the LHIN, and looking to reduce the inefficiencies across the province - Series of educational videos will be posted on the website soon
Clinical connect	all	<ul style="list-style-type: none"> - E-referral is coming. Vendor (Ocean) has been chosen through RFP,
Musculoskeletal carer in Ontario		<ul style="list-style-type: none"> - Inter-professional Spine Assessment and Education Clinics (ISAEC) - http://www.isaec.org/ - Educational videos on ISAEC website - MSK plan – Advanced practice Physio to assess patient first for hip, knee and spine, triage into PT if appropriate and will reduce Wait time 1 for specialists. - Longest wait times for hip and knees; advocate for more funding, centralized referrals for hip and knee across the LHIN <p>Action: Gord will post the Ontario MRI wait times link on the PCA website</p>
<p style="text-align: center;">Thanks for coming, being interactive and attentive</p> <p style="text-align: center;">Next meeting date: Wednesday November 29th, 5:30 PM. In the boardroom at Springbank Medical Centre, 460 Springbank Drive, Suite 313, London</p>
